# commitment to nursing

The Commitment to Nursing Ceremonies and Award Brunches were held on September 17, 2017 and April 29, 2018. Students were awarded scholarships and merit awards and many of the donors were present to celebrate the student's accomplishments.

At the Commitment to Nursing Ceremonies (following the award brunches) held at Immaculate Conception Church in Fayetteville, students demonstrated their dedication to the nursing profession by reciting the Florence Nightingale pledge. Students received a pin from the upperclassmen symbolizing the inspiration of St. Francis or Florence Nightingale to practice with compassion and be a healing presence.

At the Commitment to Nursing Ceremonies, in her address to the students, Dr. Marianne Markowitz, Vice President/Dean shared her thoughts on what the tradition of a commitment to nursing ceremony represents. In an empowering and motivating address, Dr. Markowitz highlighted the importance of keeping long held traditions intact and taking time to reflect on their meaning and what they symbolize. The importance of working

Pictured here Left to Right: Donna Dominic (retired nurse from St. Joseph's Health), Lauren Porter, SN, and Marianne Markowitz, Ed.D., RN, CNE, Vice President/Dean, St. Joseph's College of Nursing. Lauren Porter, SN, was the recipient of the Rita F. Cole Memorial Award, established by her grandmother, Donna Dominic and her aunt, Dr. Marianne Markowitz in memory of Lauren's great grandmother, Rita F. Cole (a former St. Joseph's Health employee). Lauren Porter and Dean Markowitz (a 2018 Sister Patricia Ann Lifetime Achievement awardee) appeared in the St. Joseph's Health legacy video series.

collaboratively with all healthcare team members in providing evidence based quality care to all patients was emphasized. In closing, Vice President/Dean Markowitz strongly encouraged the students to be proud of their accomplishments of being a St. Joseph's Health Hospital nurse.

Rev. David Hertweck, Lead Pastor, Trinity Assembly, provided an inspirational address to the students at both ceremonies. One of the compelling messages of Rev. Hertweck's address to the nursing students was that on any given day at a hospital, they (the students) will encounter some people having their very best day while others will be experiencing their very worst.

## nursing pins

Due to the name change of St. Joseph's Hospital Health Center School of Nursing to St. Joseph's College of Nursing at St. Joseph's Hospital Health Center it is no longer possible to purchase St. Joseph's Hospital Health Center School of Nursing pins. Dr. Marianne Markowitz, Vice President/Dean, has established the St. Joseph's Hospital Health Center School of Nursing/St. Joseph's College of Nursing Pin Donation Center. The establishment of the donation center is in response to inquiries from School of Nursing graduates regarding the availability of replacement School of Nursing pins. The pin donation center will provide those graduates who have lost their original School of Nursing pin and who have requested a replacement pin (when available) with one that has been generously donated by one of our Alumni. Graduates receiving a donated pin are encouraged to make a donation to St. Joseph's College of Nursing at St. Joseph's Hospital Health Center.

**If an alumnus or alumna is interested in donating their nursing pin, receive a donated pin or purchase the current College of Nursing pin, contact Mary Ann (Mahalick) Wafer, Class of 1983, Associate for Alumni and Development at (315) 448-3540 or via email at [maryann.wafer@sjhsyr.org](mailto:maryann.wafer@sjhsyr.org).**

She was employed at St. Joseph's College of Nursing since 1986 and held the position as the Academic Dean. Previous to this position she was a nursing faculty member, Assistant Director and Associate Dean. She is a graduate from Villanova University, earning her BS in nursing, and received her MS in nursing from Syracuse University along with a certificate in Nursing Administration. In 2015, Dr. Quigley earned her Ed.D. in Executive Leadership from St. John Fisher College in Rochester, NY. She also earned Certification as a Nurse Educator (CNE) through the National League for Nursing.

Over the course of 32 years, Dr. Quigley's contributions to the college and her impact on students' professional and personal successes are too vast to mention. However, one of her major responsibilities included preparation and coordination of accreditation self-studies and site visits from both the Accreditation Commission for Nursing Education (ACEN) and Middle States Commission on Higher Education (MSCHE). She will be greatly missed, and we wish her well in her retirement.

## A Letter From Your President

As my term as President of the Alumni Association Board ends, this coming June, I would like to take a moment to thank the Board members of the Alumni Association for their dedication and support. I have served on the alumni board for six years with the last four years serving as your President. The Alumni Association mission is to provide financial support to the College of Nursing, which includes but is not limited to supporting capital projects and scholarships. The Board consists of volunteers that promote the interests and welfare of the College of Nursing. This has been a rewarding time for me to give back to the college. I also have great admiration and appreciation for my colleagues.

I am always overjoyed by the excitement and gratitude of the scholarship recipients when I meet with them at the college awards brunch. The recipient's thank you letters include messages of appreciation and gratitude for the financial support in helping them obtain their academic goals. When attending graduation ceremonies it is exciting to learn of the graduate's plans whether they involve professional practice or continued studies. I have had the opportunity to meet alumni at our annual brunch meetings held every June. Conversation is centered on "Do you remember.....?" memories and updating attendees on current life events. And last but certainly not least, I am proud to be an alumna of a college that continues to receive accreditations from the Accreditation Commission for Nursing Education (ACEN), Middle States Commission on Higher Education (MSCHE), New York State Department of Education. Recent graduates have achieved a 90% passing rate on NCLEX-RN exams, well above the national and state level.

In closing, I encourage you to stay connected and consider ways to support the Alumni Association whether it is financial and event support or involvement with the alumni board. The benefits of being involved include investing in the student's academic wellbeing, and helping the college with structural and technical improvements. Please visit our website at [sjhcon.edu](http://sjhcon.edu) for more information or contact a board member.

Again, my sincere appreciation to the College of Nursing staff, faculty and Alumni for all that they have done and continue to do. It has been my pleasure to serve on the Board of Directors.

Respectfully Submitted,
