STEPS TO ACCEPT OR REJECT YOUR FINANCIAL AID

The financial aid programs offered at St. Joseph's College of Nursing are intended to assist all students, especially those that would be unable to finance their education. Financial aid is awarded based on demonstrated financial need assessed by use of a standard financial aid application, the Free Application for Federal Student Aid (FAFSA). The data provided on this form is designed to assess the family's financial strength and determine the need for financial assistance by calculating an Expected Family Contribution (EFC). The college estimates the student's total cost of attendance (budget). The budget less the EFC represents the student's financial need.

Enclosed is your Financial Aid Award Letter. Read the information carefully. If you have questions concerning your financial aid eligibility or tuition charges, please contact the Financial Aid Office.

Please Note: If you receive additional aid that is not reflected in your Award Letter or if your enrollment status changes, it is required that your financial aid eligibility be recalculated and, if necessary, your aid be adjusted.

PAYMENT OF YOUR FINANCIAL AID:

Your financial aid will be credited to your school account to pay for tuition, fees, books, and room/board charges (as applicable). Estimated awards (Pell Grant and TAP Award) cannot be credited until the award amount is confirmed. Most student loans are received from your bank by electronic funds transfer. Loan funds are usually received in mid-October and mid-March. You will be notified as soon as the funds are received. If your financial aid is greater than the amount you owe the school, the balance will be refunded to you AFTER your aid is received (mid October for Fall Semester, mid March for Spring Semester). Refunds are put in student mailboxes.

CONDITIONS OF YOUR FINANCIAL AID:

If you reject any part of this aid offer, St Joseph's College of Nursing does not accept responsibility to provide other aid.

Your eligibility for aid will change if you receive financial aid that is not listed on the Financial Aid Award Letter, or amounts from outside sources that are different from our estimates. You MUST notify the Financial Aid Office of any outside scholarship or loan that you receive.

If you borrow a student loan, you must complete an Exit Interview before you graduate, leave school, or enroll for fewer than six credit hours in either the fall or spring Semesters.

Unless noted on your Financial Aid Award Letter, you must be enrolled full time during the fall and spring semesters. Enrollment for less than 12 credit hours may change your eligibility for some aid programs.

You must complete the registration process and make satisfactory arrangements to pay all outstanding school charges in accordance with the procedures and deadlines established for each academic term. Failure to do this may result in cancellation of your financial aid.
