St. Joseph's College of Nursing at St. Joseph's Hospital Health Center

## *Celebrating 125 Years!*

**October 1, 2023 marked the  
125<sup>TH</sup> Anniversary of the founding of  
St. Joseph's College of Nursing**

A weekend of celebrations was held in recognition of  
this milestone on October 6-8, 2023

## 125th Anniversary Celebration — Friday, October 6, 2023

### Alumni Meet-and-Greet Social

The event was held at Shaughnessy's Irish Pub at the Syracuse Marriott Downtown; the former Hotel Syracuse.

This gave an opportunity for the 50th Anniversary class of 1973 and others to mingle, chat and renew acquaintances.

**Class of '73 – 50th Anniversary:** Seated is Deborah Finnegan. Standing Left to right: Marie Conti Lefere, Teresa Norris Kelterborn, Mary Ellen Kuhn Miles, Kathleen Frazee Brown, Barbara Aldrich Finch, Brenda Doud Premo

## 125th Anniversary Celebration — Saturday, October 7, 2023

### Open House

At the College of Nursing,  
Marian Hall

The College staff and faculty went all-out to display a multitude of artifacts, yearbooks, graduate photo composites, etc. Tours of the College of Nursing, and tours of St. Marianne Cope Shrine and Museum were available, and hospital tours were offered by alums who are hospital employees.

### 50th Anniversary Luncheon for the Class of 1973

Lunch was hosted in the DeFuria room of the hospital. Dr Lenore Boris, dean of the St. Joseph's College of Nursing, gave an update on happenings at the school. The College is especially interested in providing more scholarships for students because of the increased cost of attending. Connie Semel, president of the Alumni Association, explained the scholarships, events, and other things the Alumni Association does to support the students and the school. She also provided each class member attending with some College of Nursing swag items. Vince Kuss of the St. Joseph's Foundation spoke to the class members, encouraging everyone to support the College of Nursing when possible financially. There was much laughter and conversation as members of the class of '73 renewed acquaintances during the event.

# ST. JOSEPH'S COLLEGE OF NURSING commencements

The **Day Class of 2022** commencement was held on Sunday, May 15, 2022 in the DeFuria Room at St. Joseph's Health Hospital. No group shots or other photos were taken, since this was a graduation while COVID restrictions were still in effect. A very limited number of individuals were allowed in the ceremony space at one time. For this reason, commencement took place in "waves" with the program repeated several times. Despite the limitations, it was very meaningful to the graduates.

The **Evening Weekend Class of 2022** Commencement was held on Sunday, December 18, 2022 at the Landmark Theatre.

The **Day Class of 2023** Commencement was held on Sunday, May 21, 2023 at the Landmark Theatre.

## St. Joseph's College of Nursing Building our Endowment to Support the Future of Nursing

St. Joseph's College of Nursing celebrated its 125th Anniversary on October 1st, 2023. As part of its 125th Anniversary, we held our annual reunion the weekend of October 7th and 8th. It was a pleasure to see and meet alums from all over the country in celebration of this milestone. Through many conversations over the weekend, the overall sentiment was that while the mission of Nursing continues to remain the same, there have certainly been changes along the way, primarily with the cost of education and tuition at Nursing Schools throughout the county.

We need your support now more than ever! The United States is experiencing the most significant nursing shortage ever faced. To address this pressing need, we are looking to attract a diverse mix of nursing students, including those who express financial need. In conjunction with the College's 125th Anniversary, we have embarked on a campaign to raise \$1.25 million by the end of 2024. The money raised will provide partial and full-tuition scholarships to prospective College of Nursing students.

As a result of a generous bequest received in 2010 from an alum of St. Joseph's College of Nursing, all contributions of \$125 or more will be 100% matched. Donations that qualify for the match are as follows:

1. Any contribution of \$125 or more to the College of Nursing Governing Board Advised Fund.
2. Donors can endow their funds by contributing \$12,500 to endow a named scholarship.
3. Donors with an endowed scholarship from the College of Nursing can add to their existing fund.

As of December 2023, about \$800,00 has been raised.  
The hope is to meet the 1.25 million target by the end of 2024.

We ask that you please consider supporting St. Joseph's College of Nursing's 125th Anniversary Campaign in this defining moment in the history of health care. Your gift will immediately impact the lives of our nursing students and the patients who will receive their care.

I wish you and your family a happy and healthy 2024!

## Alumni Association Appreciation Gathering

*Daughter & Mother: Caitlin Nolan Bittel '14 and Denise Nolan '04*

*Brianna Parks Steinhoff '18, Emily Liepke Houghmaster '20 and Deb Hopkins '95*

Alumni employed by the hospital were invited to stop in the DeFuria Conference Room on the afternoon of December 21 for a warm beverage and dessert. Those who attended shared delightful moments of reminiscing about time spent at the College of Nursing in pursuit of becoming a nurse. The loop of photos of current and past times created for the 125th Anniversary celebration playing during the event helped to recall fond memories. Members of the Alumni Board expressed gratitude to attendees for the invaluable contributions of our esteemed alumni to the nursing profession and the alumni association. Every attendee was entered into a drawing for attending, and three prizes were awarded at the end of the event. Those who attended were also treated to a logo bag, notepad, and pen. It was a time to celebrate briefly the season together and cherish the connections that make our community special. A special thank you to Vince Kuss, Vice President, and the St. Joseph's Foundation for supporting the event and to Louie Perreaux, General Manager of Food & Nutrition Services, and his staff for preparing the refreshments.

## *A Fond Farewell*

**Dr. MaryAnn (Mahalick) Wafer '83**, Associate for Development and Alumni Relations, departed the College of Nursing in 2023 after serving the college for more than six years, having been a loyal hospital employee for many years prior to that. MaryAnn is missed, and her work and helpfulness during the time she was with the College of Nursing is appreciated.

## Alumni Diversity Scholarship

The Diversity Scholarship was established in 2021 by St. Joseph's College of Nursing's Alumni Association to support the need for continued education of Registered Professional Nurses from diverse backgrounds. The purpose of this scholarship is to provide financial support for continued education in nursing (and other specialties as applicable) for a graduate of St. Joseph's College of Nursing from a diverse background; diverse backgrounds include but are not limited to areas of race, ethnicity, gender, culture, age, sexual orientation, gender expression, gender identity, and religion. A graduate of St. Joseph's College of Nursing from a diverse background who is pursuing an advanced degree such as a baccalaureate degree in nursing, master's degree in nursing, or doctoral degree in nursing or other specialty is eligible to apply. Additional eligibility requirements and criteria are specified on the Diversity Scholarship Application which is posted on the St. Joseph's College of Nursing's website. The Diversity Scholarship is established from funds received from the late Hugh B. Hoeffler, M.D. who had established the Katherine Roach Hoeffler, Class of 1933 Memorial Award in memory of his wife. One Diversity Scholarship will be awarded on an annual basis. The application can be found online at the alumni section of the CON website. Application will need to be downloaded and printed, and mailed-in.

The Plant Sale was a success for the December 2023 holiday season. Alumni volunteers and chairperson Trish Masterpol '11 staffed the sale in the hospital lobby. All proceeds benefit the Alumni Association that supports the College of Nursing.

## Underwear: A Basic Need

The Alumni Association held a successful drive to address a basic need of local children in poverty. In Syracuse, NY, where childhood poverty rates are high, the Alumni Association took a step to address a fundamental need often overlooked – underwear for school-age children. In a recent drive, the association collected 1551 pairs of new underwear items to benefit children receiving care within the St. Joseph's Health network.

The initiative aimed to tackle an often-unnoticed issue: children attending school without undergarments due to financial constraints. While underwear might seem inconspicuous, studies reveal that children facing this predicament tend to perform poorly in school, experiencing shame, lower self-esteem, and distraction.

On Monday, December 11, 2023, the donated underwear was delivered to St. Joseph's Health Primary Care Center - West, marking a successful effort to support the well-being of local children. The generosity of all those who donated is not just about providing a basic necessity but also about fostering an environment where children can focus on their education without the burden of shame.

The Alumni Association thanks all who donated. This initiative reflects the community's commitment to addressing overlooked needs, emphasizing the importance of collective efforts to positively impact the lives of children living in poverty.

## First-time NCLEX Pass rate and employment of graduates by St Joseph's:

The National Council Licensure Examination (NCLEX-RN®) is a nationwide examination for licensing nurses in the US and Canada. St. Joseph's College of Nursing graduates in 2023 year-to-date had a pass rate of 88.7% for first-time test-takers.

Over 73% of the graduates from the most recent five graduating classes accepted positions at St. Joseph's Health Hospital.

## New January Cohort

In January 2024, St Joseph's College of Nursing will welcome a first-semester day program cohort. This is a change; up until now, the day program only admitted a class in the fall semester. Becky Baroody, St. Joseph's College of Nursing Admissions and Enrollment Coordinator, stated the spring option has many benefits. Firstly, this will increase the starting dates to three times per year rather than two, which in turn offers the opportunity for expanding enrollment. Secondly, recent high school graduates can benefit from completing certain general education requirements toward the associate degree during the fall semester. It is strongly advised for applicants to complete the Anatomy and Physiology I & II course before joining our program. This course is considered one of the most difficult, and very helpful in preparing students for learning the material in the nursing program. Thirdly, it will help applicants start the program more quickly than usual. Lastly, it can help current students who may not pass a course. Instead of waiting for a year, they can repeat the course immediately. Following this trial, it is hoped that, with sufficient faculty and clinical sites, this can continue.

Applications for the Evening/Weekend cohort starting in July 2025 and the Weekday cohort starting in August 2024 are currently being accepted. To start the application process, head to the SJCON website home page at [www.sjhcon.edu](http://www.sjhcon.edu).

## The Nursing Pin Donation Center

The center was established in 2019 since it is no longer possible to purchase St. Joseph's Hospital Health Center School of Nursing pins (due to the name change several years ago to St. Joseph's College of Nursing at St. Joseph's Hospital Health Center). The pin donation center provides working graduates who have lost their original School of Nursing pin and who have requested a replacement pin (when available) with one that has been generously donated by one of our Alumni. Since the Pin Donation Center was established, six alumnae have generously donated their nursing pins. Graduates receiving a donated nursing pin are encouraged to donate to St. Joseph's College of Nursing at St. Joseph's Hospital Health Center. If an alumnus or alumna is interested in donating their nursing pin, receiving a donated pin, or purchasing the current College of Nursing pin, contact the alumni association via the dedicated email: [CONAlumni@sjhsyr.org](mailto:CONAlumni@sjhsyr.org)

# supporting the alumni association

Alumni associations thrive on the generosity of their graduates. Supporting the Alumni Association through donations in honor or memory of someone and by paying dues is an expression of gratitude and commitment. It ensures the alumni association's financial health and helps to tie us to our nursing education roots. Your donation nurtures the growth of future generations of nurses and keeps the spirit of our alma mater alive.

Donating in honor of or in memory of someone adds a touching gesture of your support. These contributions bolster the association's financial health and serve as a testament to your nursing education's impact on your life. Whether honoring a faculty member, a cherished classmate, or a beloved family member, these donations become a living tribute. The funds help support scholarships or special projects.

Paying annual dues is a direct and consistent way for alumni to contribute to the ongoing success of our association. These funds support the day-to-day operations, events, and networking opportunities that define the alumni experience.

By paying dues, you ensure that the association can continue fostering connections, providing resources, and celebrating the achievements of its members. Your financial contributions help organize reunions and career development programs, produce the newsletter, and other events that strengthen the bonds among all graduates.

## To Donate or Pay Annual Dues:

1. Go to the College of Nursing website: [www.sjhcon.edu](http://www.sjhcon.edu)
2. Click Alumni & Giving, then click Alumni Association
